

THE THEMATIC PLAN
Lectures on the course of Medical chemistry
for the 1st year international students
Gomel State Medical University
in the 1st semester of the 2024 academic year

Lecture No.	Date of lecture	Topic of the lecture	Number of hours
1	<i>22.02</i>	Chemical thermodynamics and bioenergetics	2
2	<i>14.03</i>	Theory of solutions of weak and strong electrolytes. Acid-base equilibrium. Buffer solutions	2
3	<i>04.04</i>	Physico-chemistry of surface phenomena	2
4	<i>25.04</i>	Physico-chemistry of dispersed systems. Stability of colloidal-dispersed systems	2
		That will be	8

The lectures are held in the lecture hall of the academic building No. 1 (Lange street, 5th floor, auditorium 501).

Head of the Department

E.G. Tyulkova
