

Department of Biology

Plan of lectures

for students of 1st year 1st semester 2024/2025

Subject “Medical biology and general genetics”

Day of week	Date	Time	Topic	Lecturer
Wednesday	25.09.24	11.20 – 12.45	Characteristics of genetic material.	Potenko V.V.
	09.10.24		Gene expression and repression in pro- and eukaryotes.	Potenko V.V.
	23.10.24		Chromosome and genome level of hereditary material organization. Gene linkage.	Potenko V.V.
	20.11.24		Diversity of organisms. /Bases of human genetics. Human hereditary diseases.	Potenko V.V.

Room: Lecture hall, No. 2nd building, Biletskogo St., 11a.

Зав. кафедрой, д.б.н., доцент

Потенко В.В.
